

**Motion for UNISON Scottish Local Government Conference,
Friday 9th September, 2016**

Scottish Local Government Pay 2017

This meeting agrees that it is highly unlikely that the Scottish Employers will make an acceptable pay offer for 2017/18.

This meeting therefore instructs the UNISON Scottish Local Government Committee and all local UNISON branch leaderships to step-up activities amongst the membership in preparation for an official strike action ballot in early 2017 to win an acceptable pay deal.

If an acceptable offer has not been made by 1 February 2017, this meeting instructs the UNISON Scottish Local Government Committee to conduct an official ballot for strike action.
